

# Sleep interfering with work? Work interfering with sleep?

A hand holding a clipboard with a checklist in front of a ringing alarm clock. The clock is silver with a black face and white numbers. The background is a bright yellow and orange gradient, suggesting a sunrise or sunset. The hand is holding the clipboard in the lower right corner, and the clock is in the center. The overall image conveys the theme of sleep and work interference.

Call **1-877-NITE-JOB (648-3562)**  
to find out if you're eligible to participate in  
a clinical research trial of an investigational
